

Right Relations Team

For this meeting, we are experimenting with a Right Relations Team to give voice to concerns or issues that might emerge during the meeting and to provide appropriate follow up. It would be nice if people would also recognize some things that go well so we can capture these and try to repeat them during future meetings.

There are 4 ways to communicate with the Right Relations Team.

1. Fill out the “Right Relations Form” and give it to a nearby Board member who will get it to the Team.
2. Text them at _____.
3. Email them at _____.
4. Visit them in person near the back of the room.

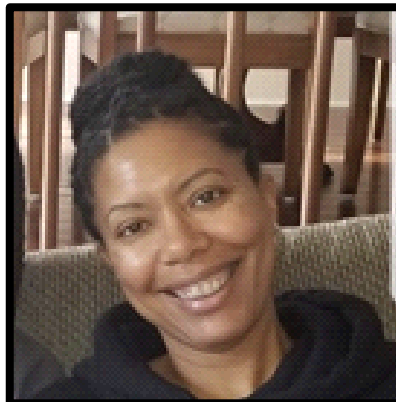

Appropriate follow up depends on the information that is given to the Team. Specific concerns may involve individuals, groups or the entire congregation. The Team will make a brief report at the end of this meeting to mention general ideas that were raised and possible follow up. Also, there will be an article in the May *Highlights* to give additional feedback to the Congregation about issues and this new process.

Members of the Right Relations Team:

Erin Snell

Gina Williams

Ken Apfel
